Specimen Details

ID	ID Type	Taxonomy	Gender	Age
D0804259-01	CAHFS Internal ID	Caprine	Mixed	
D0804259-02	CAHFS Internal ID	Alpaca		
D0804259-03	CAHFS Internal ID	Lama	Mixed	

Laboratory Findings/Diagnosis

Negative for antibody to *Corynebacterium pseudotuberculosis*.

Clinical History

Test Specific Comments

C. PSEUDOTUBERCULOSIS - :

* *C. pseudotuberculosis* SHI titers less than 1:8 are not considered significant, and probably represent cross-reactions with common environmental organisms. Titers >1:256 have a high association with internal abscess formation.

C. PSEUDOTUBERCULOSIS - SHI
